Arrowlite Polycarbonate

SLP (UK) LTD Polycarbonate Arrowlite diffuser is one of the latest opal flat sheet diffusers in our range of LED solutions. Designed specifically for LED fittings the opal Polycarbonate is a versatile LED diffuser providing good LED 'spot' diffusion, reduced glare, excellent light transmission of 81% for 2 mm, and 77% for 3 mm and an anti-reflective surface on one side. Opal Arrowlite 3mm is fire rated with a TP(a) rating, which makes the panels self extinguishing . Opal Arrowlite is an extruded product in 2mm and 3mm thickness that can be supplied in standard sheet format or cut to your individual requirements. As with all SLP (UK) LTD products Arrowlite is available from stock for rapid processing and delivery.

For more information please visit our website or call our in house team to answer any questions you may have.
